

# DICHIARAZIONE DI CONFORMITÀ

Regolamento (CE) nr. 1907/2006 (REACH) | Direttiva Europea Delegata 2015/863/UE (RoHS 3)

## Valid Declarations for all articles produced by FPZ

Regulation (EC) No. 1907/2006 (REACH) provides:

- Specific provisions for substances of very high concern (SVHC) included in the Candidate List and substances subject to authorization.
- Restriction on the manufacturing, placing on the market, and use of certain hazardous substances, mixtures, and articles.
- Registration of all existing and new chemical substances produced or imported from non-EU countries above 1 ton/year.

FPZ S.p.A., in its capacity as an "article supplier," being neither a manufacturer of substances nor an importer of substances/mixtures, is not subject to any registration.

Based on the statements and information received from our Suppliers, FPZ S.p.A. hereby attests that the supplied articles:

- Do not contain substances included in the Candidate List (SVHC) in concentrations exceeding 0.1% by weight.
- Comply with the requirements related to substances listed in Annex XIV (Authorization).
- Comply with the requirements related to substances listed in Annex XVII (Restriction).

(\*) The Candidate List is subject to continuous updates.

If substances present in our articles in concentrations exceeding 0.1% by weight are included in the aforementioned list, we will promptly notify you by registered mail or certified email as provided for in Article 33 of the REACH regulation.

Failure to provide a new declaration implies the confirmation of the validity of the information contained in this document.

## RoHS Compliance Declaration

Furthermore, we certify that our products comply with all requirements and exemptions established by European Directive 2011/65/EU (RoHS 2) and European Delegated Directive 2015/863/EU (RoHS 3).
